SUMMARY

I am an aspiring Data Analyst passionate about utilizing my skills in Excel, SQL, Python, and Power BI to derive meaningful insights from data. My experience includes transforming raw data into actionable strategies through effective analytics, visualization, and reporting. I thrive in collaborative settings and am eager to contribute to data-driven decision-making processes

EDUCATION

B.Tech

Avanthi College

📅 08/2023 - 05/2027 📍 Makavarapalem

PROJECTS

Retail Customer Behavior Analytics

📅 01/2023 - Present

This project involves analyzing retail customer behavior using various data analysis tools to derive actionable business insights

- Cleaned and transformed retail datasets using Python (Pandas)
- Performed Exploratory Data Analysis (EDA) to identify trends, anomalies, and customer purchase patterns
- Applied SQL queries for Customer Segmentation, Sales Analysis, Product Performance Analysis, and Business Reporting
- Developed an interactive Power BI Dashboard for KPI Tracking, Regional Sales Analysis, and Customer Insights
- Generated Business Insights through Data Visualization, Reporting, and Analytics

SKILLS

SQL	Python	Microsoft Power BI	EDA	Pivot Table
Pandas	Numpy	Excel
